As the Company's activities develop in scale and complexity, the implementation of additional corporate governance policies and structures will be considered.

PRINCIPLE 1: LAY SOLID FOUNDATIONS FOR MANAGEMENT AND OVERSIGHT

Recommendation 1.2

A listed entity should:

- (a) undertake appropriate checks before appointing a director or senior executive, or putting someone forward for election, as a director; and***
- (b) provide security holders with all material information relevant to a decision on whether or not to elect or re-elect a director.***

The Company complied with Recommendation 1.2 in full for the whole of the Reporting Period.

It is the Company's policy under its Nomination Committee Charter, to undertake appropriate checks before appointing a Director or senior executive, or putting someone forward for election as a director.

The Company provides shareholders with all material information relevant to a decision on whether or not to elect or re-elect a Director prior to any general meeting at which a resolution to elect or re-elect a Director will be voted on.

During the Reporting Period, Krista Bates and Allan Cripps were appointed as casual directors. Prior to their appointments, the Company undertook appropriate background checks which included formal bankruptcy and criminal history checks as well as informal character reference checks and general due diligence.

During the Reporting Period, Brian Leedman and Winton Willesee were put forward for election and re-election, respectively at the last Annual General Meeting and all information relevant to a decision with respect to their appointments was included in the Notice of Meeting dated 20 October 2020.

Recommendation 1.3

A listed entity should have a written agreement with each director and senior executive setting out the terms of their appointment.

The Company complied with Recommendation 1.3 in full for the whole of the Reporting Period.

The Company has a written agreement with each Director of the Company, which sets out the terms of their appointment. At this stage, the Company has not appointed any senior executives.

Recommendation 1.4

The company secretary of a listed entity should be accountable directly to the board, through the chair, on all matters to do with the proper functioning of the board.

The Company complied with Recommendation 1.4 in full for the whole of the Reporting Period.

The Board Charter of the Company sets out the specific responsibilities of the Company Secretary and provides that the Company Secretary is accountable directly to the Board, through the Chair, on all matters to do with the proper functioning of the Board.

Recommendation 1.5

A listed entity should:

- (a) have and disclose a diversity policy;**
- (b) through its board or a committee of the board set measurable objectives for achieving gender diversity, in the composition of its board, senior executives and workforce generally; and**
- (c) disclose in relation to each reporting period:**
 - (i) the measurable objectives set for that period to achieve gender diversity;**
 - (ii) the entity's progress towards achieving those objectives; and**
 - (iii) either:**
 - (A) the respective proportions of men and women on the board, in senior executive positions and across the whole workforce (including how the entity has defined "senior executive" for these purposes); or**
 - (B) if the entity is a "relevant employer" under the Workplace Gender Equality Act, the entity's most recent "Gender Equality Indicators", as defined in and published under that Act.**

The Company complied with Recommendation 1.5(a) and (c) in full for the whole of the Reporting Period, but did not comply with Recommendation 1.5(b).

The Board and the Company as a whole is committed to an inclusive workplace that embraces and values diversity while always upholding the principle of meritocracy.

During the Reporting Period:

- (a) the Company had in place a Diversity Policy which was disclosed on its website;
- (b) for the reasons set out below, the Board did not set measurable objectives for achieving gender diversity in the composition of its board and workforce generally;
- (c) the respective proportions of men and women on the Board, in senior executive positions and across the whole organisation are set out below. The Company defines its senior executives as those executive employees identified as "Key Management Personnel" in the Remuneration Report of the Company's latest Annual Report:
 - 20% of the Company's Board members as at 30 June 2021 were female;
 - There were no senior executives as at 30 June 2021; and
 - 50% of the Company's entire workforce of ten people, were female as at 30 June 2021.
- (d) The Company was not in the S&P/ASX300 Index at the commencement of the Reporting Period

Notwithstanding the Board's commitment to diversity in the workplace, the Company did not comply with Recommendation 1.5(b) in full during the Reporting Period, as given the size of the Company and its workforce, it does not currently have sufficient resources to be able to define and implement a formal diversity program that is compliant with the Recommendations. Further, the Board considers that, at this stage, the incremental benefits of a structured diversity program are disproportionate to the implementation costs involved, when compared to the Company's current practices.

The Company has, however, adopted a tiered approach to the implementation of its Diversity Policy which is relative to the size of the Company and its workforce. The Company's policy provides that where the Company employs 100 or more employees, the Board undertakes to adopt practices in line with the Recommendations of the ASX Corporate Governance Council, including compliance with the requirement for the Company to set and report against measurable objectives for achieving gender diversity.

Whilst the Company's workforce remains below this threshold, the Board will continue to drive the Company's diversity strategies on an informal basis and will apply the initiatives contained in its Diversity Policy to the extent that the Board considers relevant, practical and achievable in the context of the Group's needs and available resources.

Recommendation 1.6

A listed entity should:

- (a) have and disclose a process for periodically evaluating the performance of the Board, its committees and individual Directors; and**
- (b) disclose for each reporting period, whether a performance evaluation has been undertaken in accordance with that process during or in respect of that period.**

The Company has adopted a Performance Evaluation Policy which sets out the process for annually evaluating the performance of the Board, its committees and individual directors. The Remuneration and Nomination Committee is responsible for evaluating the performance of the Board and individual Directors on an annual basis, with the aid of an independent advisor, if deemed required.

A copy of the Performance Evaluation Policy is disclosed on the Company's website.

The Company did not undertake formal performance evaluations of the Board during the Reporting Period as the Board did not consider it necessary given that many of the Board members have held office for less than 12 months. Whilst formal performance evaluations of board members had not been undertaken during the Reporting Period, given the size of the Board, the Board was satisfied that its performance and composition was continually evaluated organically and including through regular engagement with shareholders who provide feedback to the Board on its performance.

Recommendation 1.7

A listed entity should:

- (a) have and disclose a process for periodically evaluating the performance of its senior executives at least once every reporting period; and**
- (b) disclose for each reporting period, whether a performance evaluation has been undertaken in accordance with that process during or in respect of that period.**

The Company complied with Recommendation 1.7 in full for the whole of the Reporting Period.

The Company has adopted a Performance Evaluation Policy which sets out the process for annually evaluating the performance of its senior executives. The Remuneration and Nomination Committee (the function of which is currently performed by the full Board) is responsible for evaluating the performance of senior executives on an annual basis, with the aid of an independent advisor, if deemed required.

A copy of the Performance Evaluation Policy is disclosed on the Company's website.

The Company complied with Recommendation 2.1 (b) in full for the whole of the Reporting Period.

Given the size of the Board and the size and nature of the Company's operations, the Directors have determined that the roles and responsibilities of the Nomination Committee are most effectively and efficiently carried out with full board participation and accordingly, the Company has elected not to establish a separate Nomination Committee at this stage.

As a result, the duties that would ordinarily be assigned to the Nomination Committee under the Nomination Committee Charter are carried out by the full board.

A copy of the Nomination Committee Charter is set out in the Corporate Governance Plan which is available at the Company's website.

The Board fulfills its duties in this regard, by devoting time at board meetings to discuss Board composition and succession matters on at least an annual basis. The Company has developed a skills matrix which is used as a tool to assess the appropriate and ideal balance of skills, experience, independence and diversity necessary for the Board to discharge its duties and responsibilities effectively.

A summary of the collective skills, experience, independence and diversity of the Board is set in Annexure B of the Company's Corporate Governance Plan which is available on the Company's website.

Recommendation 2.3

A listed entity should disclose:

- (a) the names of the directors considered by the board to be independent directors;**
- (b) if a director has an interest, position or relationship of the type described in Box 2.3, but the board is of the opinion that it does not compromise the independence of the director, the nature of the interest, position or relationship in question and an explanation of why the board is of that opinion; and**
- (c) the length of service of each director**

The Company complied with Recommendation 2.3 in full for the whole of the Reporting Period.

A majority of the board of a listed entity should be independent directors.

The Company complied with Recommendation 2.4 in full for the whole of the Reporting Period, as outlined in the Company's response to Recommendation 2.3.

Prior to the appointment of Brian Leedman, the Chair of the Board was Mark Davies, who was also considered to be an independent director and was not the CEO.

Recommendation 2.6

A listed entity should have a program for inducting new directors and for periodically reviewing whether there is a need for existing directors to undertake professional development to maintain the skills and knowledge needed to perform their role as a director effectively.

The Company did not comply with Recommendation 2.6 for the whole of the Reporting Period.

The Company's program for the induction of new directors is tailored to each new Director depending on their personal requirements, background, skills, qualifications and experience and includes the provision of a formal letter of appointment and an induction pack containing sufficient information to allow the new Director to gain an understanding of the business of the Company and the roles, duties and responsibilities of Directors.
